Cold, Pristine, and Sustainable

Nova Scotia seafood is harvested from the cold, clean, and pristine waters along the coast of the province and shipped all over the world. Sustainability is a key priority for Nova Scotia Fisheries, and a substantial portion of our seafood is certified by the Marine Stewardship Council (MSC), the world's leading certification and eco-labelling programs for wild sustainable seafood. Our industry operates within modern regulatory environments, with processing facilities registered to meet international quality standards.
