

Service Provider Profile

Productivity & Innovation Voucher Program

The Verschuren Centre Inc.

Primary Contact Name:	Dr. Baoling Chen
Primary Contact Title:	PhD, P.Eng, PMP
Phone:	902.563.1292
Email:	bchen@verschurencentre.ca
Research Office:	The Verschuren Centre
Business Address:	1250 Grand Lake Road, Sydney, Nova Scotia B1M 1A2

Proposed Services:

The Verschuren Centre (VC) offers contracted services to SMEs, industry partners, and community organizations in the areas of research and development, including bio-manufacturing, bio-agriculture, bio-marine processing, smart plastics, materials transformation, energy net-zero modeling, and sustainable resource use. Our shared-use facility provides the technical capacity support for a continuous stream of SME users to accelerate their path to market and preserve capital for future investment.

The VC is built on the foundation of a highly qualified team comprised of project managers, researchers, fermentation scientists, operators, engineers, and technicians. Our facility includes:

- Biosafety Level-1 and Biosafety Level-2 Labs
 - Fully Equipped Analytical Suite
 - Bio Manufacturing Pilot Facility with scale up to 1000L with end-to-end downstream processing
 - Bench and pilot polymer cast extrusion lines, and materials testing.
 - Marine Extraction Pilot Facility with scale up to 6000L with downstream processing
 - Plant Growth Room controlled environment for agricultural trials
 - Pilot Greenhouse 30'x60' with 900 sqft of automatic drip irrigation
- Our voucher services include:
- Applied Research
 - Proof of Concept & Feasibility Studies
 - Analytical Testing and Analytical Process Development
 - Rapid Process & Media Optimization, Trials, and Validation
 - Process Parameter Identification
 - Process and Material/Product Characterization

- Process Control
- Energy Net-Zero Mapping

The **Productivity and Innovation Voucher Program** is intended to help small and medium sized businesses become more productive and innovative while building stronger linkages between businesses and Nova Scotian universities and colleges.
