ATLANTIC SEA CUCUMBER

Founded in 2015, Atlantic Sea Cucumber (ASC) has grown to become one of the largest producers of dried sea cucumber in Atlantic Canada and one of the only facilities in North America dedicated specifically to this product.

The sea cucumber has been an underutilized resource in Canada, and it is ASC's goal to reach those consumers who place a high value on this product.

ASC's sister company, an award-winning biotech company AKSO, focuses on taking sea cucumber and other marine materials and convert them into natural health products. This allows consumers to have an alternative, modern way to consume as well as receive the health benefits of products such as sea cucumber.

BULWARK CIDER

[MUWIN ESTATE WINES]

Muwin's Bulwark handcrafted cider reflects our values: natural ingredients, exceptional taste, and outstanding craftsmanship. Our quality fruits are harvested from the Annapolis Valley, known for its fertile soil and unique micro-climate. Muwin is one of the few cideries in Canada that handles everything in-house. Apples brought to the cidery are juiced on site and slowly fermented, resulting in a natural cider that's never made from concentrate. The result is a premium, balanced blend of sweetness, acid, and tannins, which is bottled on site.

Products: Bulwark Non-Alcoholic Original, Bulwark Original, Bulwark Blush, Muwin Wild Blueberry wine, Muwin Cranberry wine

Muwin Estate Wines is an award-winning, owner-operated craft cider and fruit wine producer based in New Ross, Nova Scotia. Muwin's two key brands are Bulwark ciders and Muwin fruit wines. Muwin's Bulwark ciders were awarded best product of the year in 2016 in its category by the Nova Scotia Liquor Corporation. Muwin has also won several medals including recent gold medals at the prestigious Canadian Brewing Awards and at the Great Lakes International Cider and Perry Competition in Grand Rapids, Michigan. Muwin has successfully exported its products to various markets including the United States, Germany, the UK, China, South Korea, and Taiwan.

CLEVER FRUIT PRODUCTS

Clever is a developer of fermented fruit ingredients for consumer brands that make functional foods and beverages, supplements, and nutraceuticals. Its mission is to enhance the health of society by increasing the potency of antioxidant-rich fruit through fermentation. What makes Clever's ingredients so unique is that it uses its proprietary fermentation technology platform with superfruits that are proven to contain high levels of antioxidants. The process bio-transforms these antioxidants; dramatically enhancing their activity and bioavailability, so all of the added health benefits are better absorbed in the body. Its first product is based on the world's leading superfruit, the blueberry.

Products: Fermented blueberry

SHIVANI'S KITCHEN

Shivani's Kitchen is a manufacturer of 100% natural and sugar-free Indian spice blends. All our authentic spice blends are made in a CFIA facility following a HACCP plan.

Our spice blends range from Garam masala – which can be a perfect addition to your rice, to vindaloo – which will make your fish a little hot. We also have chai masala which acts as a natural sweetener for people who are having a sweet craving.

Our ready-to-use sauces have no gluten, no salt, and are preservative-free. They give a very authentic Indian taste to any dish. We also offer vegan and vegetarian sauce collections with a dairy-free option. Just add protein to any of our ready-to-use sauces and your meal is ready.

Every sku is proudly made in Nova Scotia, Canada. For recipe and one-to-one support, contact Shivani at shivani@shivaniskitchen.ca

SUN UNDER THE SEA

Sun Under the Sea Nutrition Inc. manufactures a powdered dairy-free creamer. The dairy-free creamer is a powdered blend of Marine Collagen and MCT Oil. Sun Under the Sea's goal is to build the best dairy-free creamer globally through science, education, and customer needs.

The Marine Collagen is produced in Nova Scotia and is of the highest quality – globally. Marine Collagen provides protein that optimally supports nail, skin, hair, joints, and bone health. MCT Oil Powder is full of beneficial fats that the body quickly metabolizes for clean and fast energy.

The product is a 3-in-1 product to support a maintainable dairy-free lifestyle. It captures rising trends of collagen use, awareness, and desire of consumers for convenient health foods, environmentally friendly products, and clean labels. 65% of people globally are lactose intolerant after the age of five.
