Nova Scotia is home to a diverse range of the highest quality seafood and value-added products – from our world famous Canadian hard-shelled lobster and coldwater shrimp, to snow crab, scallops, white fish, and sea cucumber – all harvested from the cold, clean, and pristine waters of the Atlantic Ocean. PURE.

Our seafood is handled with the utmost care every step of the way – from the boats to the dock and our processing plants, we ensure it tastes as fresh as the day it was caught.

Nova Scotia wild seafood and shellfish mature at a natural pace in the clear waters off Nova Scotia's rugged 7,000 km coastline.

Nova Scotia seafood is prized around the world. Its superior flavour and premium quality result from the icy temperatures of the surrounding Atlantic Ocean. Discover more about the wide variety of Nova Scotia seafood we offer.

1. Atlantic Halibut 2. Atlantic Pollock 3. Atlantic Salmon 4. Coldwater Shrimp 5. Haddock  
6. Herring 7. Lobster 8. Mussels 9. Red Fish 10. Sea Cucumber 11. Sea Scallop 12. Sea Urchin

## NOVA SCOTIA SEAFOOD QUALITY PROGRAM

The Nova Scotia Seafood Quality Program (NSSQP) is set of quality standards that meet the very best globally recognized standards around seafood quality, sustainability, and traceability.

Launched in Summer 2021, the NSSQP was developed to promote high quality standards within the Nova Scotia seafood supply chain and to enhance Nova Scotia Seafood's international reputation for premium quality seafood.

NSSQP is a comprehensive scheme that combines elements of food safety, seafood quality, sustainability, and traceability into one comprehensive certification. For some species, it is the only certification scheme which explicitly incorporates product sampling, product inspection, and evaluation as a central requirement under the certification.

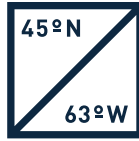

NSSQP certified companies are proud Nova Scotia Seafood Ambassadors, at home and around the world.

**NSSQP is YOUR indicator of premium quality seafood product.**

When you see this Nova Scotia Seafood Ambassador label, you are doing business with a NSSQP certified company.

## **BISCAY SEAFOODS CANADA LTD.**

The activity of Biscay Seafoods Canada Ltd. has always been linked to the world of salting, mainly cod, and has been dedicated to distributing Canadian salted products in Europe. Over the years the product portfolio has been increasing. Today it offers a series of frozen products where high quality products such as lobster and shrimp stand out.

Biscay Seafood has a sales and logistics network throughout Europe that enables deliveries of both small and large consignments at unbeatable cost. We deliver the DDP product throughout the European Union without surprise costs for the customer.

Cod, like the rest of the salted products, comes under the "Fram" brand, while lobster and shrimp are marketed under the "Ocean Leader" brand, a benchmark brand in its sector.

### **PRODUCTS PROMOTED:**

Atlantic Cod (*Gadus morhua*), Atlantic Lobster (*Homarus americanus*), Coldwater Shrimp (*Pandalus borealis*), Snow Crab (*Chionoecetes opilio*), Squid (*Illex Illecebrosus*), Red Fish (*Sebastes mentella/marinus*)

## CLARK'S HARBOUR SEAFOOD LTD.

Clark's Harbour Seafood Ltd. is owned by a second-generation Canadian Chinese family that is dedicated to the sustainability of the lobster industry and to a strong future of family-owned fishing boats and their communities. We are focused on team building and growing our company, to create a brand that is known worldwide.

Located in the *Lobster Capital of Canada*, with direct access to the wharf, our extensive experience in supplying to domestic, Asian, and European markets, allow us to provide our customers with a quality product all year round. Our processing division's brand, "Wild by Nature," Indicates that this lobster is part of a sustainable fishing industry and has been free-range caught in the cold, pristine waters of the North Atlantic Ocean. The word 'nature' shows that this lobster is naturally sea-kissed with succulent, juicy flavour that only mother nature can offer.
