BULWARK CIDER/ MUWIN ESTATE WINES

Bulwark Cider is an award-winning, owner-operated craft cider and fruit wine producer based in New Ross, Nova Scotia. Awarded best product of the year 2016 in its category by the Nova Scotia Liquor Board, Bulwark Cider has also over the years won several gold medals at various Cider Competitions. To celebrate its 10th year anniversary, Bulwark Cider successfully launched its first non-alcoholic cider in the Fall of 2021.

Crafted using a special fermentation technique, our non-alcoholic cider appearance is exactly like a sparkling white wine with fine effervescent bubbles. On the nose, it has a subtle apple aroma and hint of fermentation notes that confirm a slight alcohol content in the cider (0.5 % alc/vol). On the palate, it is crisp with sweet undertones and a light astringent finish. All in all, it is a well-rounded and easy to drink non-alcoholic cider that tastes just like the real thing.
