BOOTH #1341

Nova Scotia is home to a diverse range of the highest quality seafood and value-added products – from our world famous Canadian hard-shelled lobster and coldwater shrimp, to snow crab, scallops, white fish, and sea cucumber – all harvested from the cold, clean, and pristine waters of the Atlantic Ocean. PURE.

Our seafood is handled with the utmost care every step of the way – from the boats to the dock and our processing plants, we ensure it tastes as fresh as the day it was caught.

Nova Scotia wild seafood and shellfish mature at a natural pace in the clear waters off Nova Scotia's rugged 7,000 km coastline.

Nova Scotia seafood is prized around the world. Its superior flavour and premium quality result from the icy temperatures of the surrounding Atlantic Ocean. Discover more about the wide variety of Nova Scotia seafood we offer.

1. Atlantic Halibut 2. Atlantic Pollock 3. Atlantic Salmon 4. Coldwater Shrimp 5. Haddock
6. Herring 7. Lobster 8. Mussels 9. Red Fish 10. Sea Cucumber 11. Sea Scallop 12. Sea Urchin
13. Jonah Crab 14. Silver Hake 15. Snow Crab 16. Swordfish 17. Tuna 18. Oysters

NOVA SCOTIA SEAFOOD QUALITY PROGRAM

The Nova Scotia Seafood Quality Program (NSSQP) is set of quality standards that meet the very best globally recognized standards around seafood quality, sustainability, and traceability.

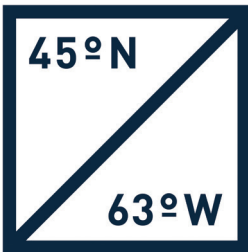

Launched in Summer 2021, the NSSQP was developed to promote high quality standards within the Nova Scotia seafood supply chain and to enhance Nova Scotia Seafood's international reputation for premium quality seafood.

NSSQP is a comprehensive scheme that combines elements of food safety, seafood quality, sustainability, and traceability into one comprehensive certification. For some species, it is the only certification scheme which explicitly incorporates product sampling, product inspection, and evaluation as a central requirement under the certification.

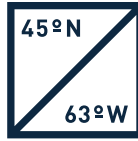

NSSQP certified companies are proud Nova Scotia Seafood Ambassadors, at home and around the world.

NSSQP is YOUR indicator of premium quality seafood product.

When you see this Nova Scotia Seafood Ambassador label, you are doing business with a NSSQP certified company.

FISHER KING SEAFOODS LTD.

BOOTH #1333

Established in 1996, Fisher King Seafoods Limited has grown into one of North America's Top 25 Seafood Suppliers (*SeafoodSource*). Fisher King Seafoods is one of the premier Canadian seafood suppliers throughout North America and overseas and is one of the largest leading distributors of both snow crab and lobster in North America.

Specializing in wild-caught shellfish and fish from the clean, cold waters of the North Atlantic, Fisher King supplies customers throughout North America and overseas. The company has developed sourcing partnerships and exclusive agreements for sale and distribution in both the U.S. and Canada and maintains a global supply network in over 20 countries. Drawing on extensive domestic and international supply partnerships, Fisher King offers a consistent supply of top-quality, sustainably harvested frozen seafood from Eastern Canada, Europe, Japan, South America, and Asia to our discerning customers. Customers include some of the largest food service, retail, and restaurant chains in North America.

All Fisher King branded, and private label products are packed under strict Quality Assurance Programs in HACCP approved facilities. Fisher King offers MSC and ASC chain of custody on applicable items to meet all your sustainability goals.

Fisher King Seafoods Limited is headquartered in Halifax, Nova Scotia, Canada.

FISHERMEN'S PREMIUM ATLANTIC LOBSTER INC.

BOOTH #1440

Fishermen's Premium Atlantic Lobster Inc. (FPAL) is located on beautiful Cape Sable Island, Nova Scotia – well-known for its top-quality Canadian lobster. Our mission is to offer our customers the highest-quality, premium live lobster for the best price available.

FPAL embraces sustainability and maximizes the value of each pound of lobster harvested from the Atlantic Ocean, by training individuals at every stage of the value chain and ensuring best practices are followed from harvesting through to shipping to the end user. Our onshore competitive advantage is the 100 fishermen, who are dedicated shareholders, that ensure a stable supply all year around.

Our business has grown rapidly due to the increasing demand of our premium quality lobster. We care about your business because our success is built on your success. Our service is comprehensive from the ocean to your facility by providing the full support in quality, price, transportation, and customer service. Our goal is to build a long-term relationship through mutual trust and integrity with our partners.

EXHIBITING COMPANIES

TRIBUNE SEAFOOD INC.

BOOTH #1442

Situated in the heart of the historic fishing community of Sambro Nova Scotia, Tribune Seafood is a family run, premium wholesale supplier of fresh and frozen wild caught seafood from Atlantic Canada and abroad. Our wholly owned seafood processing plant and dockside landing facility - Sambro Fisheries Ltd - has been in operation for over 30 years employing the local community and providing fresh fish both domestically in North American, and internationally overseas.

Tribune Seafood provides a full range of premium quality, sustainably sourced seafood to distributors, retailers, and fine restaurants around the globe. This has allowed us to develop many successful species-specific programs for our clients. Through both our longstanding and ever-expanding supplier relations, we have consistently been able to raise the bar in terms of quality, supply, and diversity of species.

Our highly motivated team possesses a broad range of experience that allows us to keep our customers knowledgeable and informed on important market conditions and other external factors related to supply. It is our primary objective to achieve customer satisfaction through reliability, consistency, and honesty. We do this to maintain the enduring relationships we have built over the years with our fisherman, suppliers, and customer base. We strive for excellence in the industry, and to create lasting working relationships for years to come.
